MIGHTY WELCOME FOR WILSON

BOSTON BARS OPENED UP TODAY

(By Associated Press)
Boston, July 8.—Five hundred liquor dealers who received new licenses yesterday reopened their places of business here today and sold 2 3-4 per cent beer. They have been warned by the U. S. District Attorney's office that one of their number would be arrested today or tomorrow for violation of the prohibition act and that the outcome of the test case would serve the local Federal authorities as a guide for future action pending a decision of the Supreme Court on the issue of intoxicating properties of malt liquor. The licensing board expected to issue 400 more permits today.

TO ADMIT AUSTRIA IN LEAGUE

(By Associated Press)
Paris, Monday, July 7.—The Council of Five decided today to inform the Austrian delegation that its government would be admitted to the league of Nations as soon as it complied with the necessary conditions. This notification will be in reply to the Austrian note on the subject. The reply will be of a friendly character.

PLAN AN ATTACK UPON PETROGRAD

(By Associated Press)
Paris, Monday, July 7.—Approval of a plan for a concerted attack upon Petrograd by Finnish troops and forces of the Kolchak government at Omsk was given today by the Council of Five.

CONGRESS CONVENES AFTER WEEK'S RECESS

(By Associated Press)
Washington, July 8.—The 66th Congress called in special session by President Wilson seven weeks ago began a new chapter when it convened after a week's recess. After passing all of the appropriation bills carrying funds needed for the fiscal year, leaders planned to begin work at an early date on the reconstruction legislation made necessary by the change of the country from a war to peace basis, while in the Senate the next few months at least, are expected to be given over largely to consideration of the German Peace Treaty and related subjects. The appearance before the Senate Thursday of President Wilson to explain the Peace Treaty and its League of Nations covenant and the Franco-American agreement in the opinion of Senators, eclipsed all other matters on the Senate programme for the week. In the house activity this week will center on committee work with the exception that legislation for enforcing prohibition probably will be called up for consideration on the floor.

BOLSHEVIKI TO EVACUATE PETROGRAD

(By Associated Press)
Washington, July 8.—Definite information that the Bolsheviki are planning to evacuate Petrograd has been received in official circles here. The decision was violently opposed by some elements of the government.

(By Associated Press)
New York, July 8.—The American steamship Maguncook, which arrived today from Rotterdam, reported sinking in a collision with the gasoline fishing schooner Edmund M. Black of Portland, Maine, off the Georgia fishing banks in a fog last Sunday night. The schooner's crew of eight men were rescued and brought here.

R-34 WILL SAIL WED. A. M.

(By Associated Press)
Mineola, N. Y., July 8.—Major G. E. M. Pritchard, executive officer of the R-34, said today that all repairs would be completed by 9 o'clock tonight and that fuel, water and other supplies would be taken aboard before midnight. With favorable weather, he said the R-34 would be ready to start at daylight tomorrow. She will take the southern track four or five hundred miles north of the Azores in view of a forecast of clear weather for the next 48 hours made by the Weather Bureau in Washington. For one-third of the course on the way over, the R-34 is expected to strike northerly cross winds which will not retard her much. For the remaining distance favorable westerly winds are expected.

(By Associated Press)

New York, July 8.—Four dreadnoughts and thirty-six destroyers from the Atlantic fleet formed the escort that met the George Washington with President Wilson aboard 35 miles east of Sandy Hook early today. The Presidential salute from these vessels was the first of many welcome ceremonies awaiting the President on his arrival here this afternoon. In the harbor were 45 warships headed by the flagship Pennsylvania with Admiral Henry H. Wilson aboard assigned to join the out-harbor escort. Vice President Marshall and members of the cabinet were assigned to the Pennsylvania while the city's welcoming party headed by Mayor Hayland and Governor Smith were aboard the Municipal steamers Patrol and Corcoran. On duty for the President's arrival were 1100 policemen. Immediately after the welcoming exercises in Carnegie Hall, President Wilson expected to go to the Pennsylvania station to take a special train for Washington.

(By Associated Press)

The George Washington and her convoy passed Ambrose Lightship at noon led by the battleship Pennsylvania, carrying Secretary of the Navy Daniels and a party of other government officials. With a naval dignitary hovering over her the George Washington was sighted off Atlantic Highlands, N. J., at 11:43 a. m. The transport flew a huge American flag from the main truck and smaller flags on the fore and mizzen masts. A seaplane which went out to meet the transport was forced to come down on the sea.

HICKSON, HEALER BY FAITH, IN BOSTON

Boston, July 8.—James Moore Hickson, layman of the Church of England who is said to have made wonderful cures by the laying on of hands, arrived Sunday night in Boston. Mr. Hickson will make his headquarters at the Church of St. John the Evangelist, in Bowdoin street. Already numerous letters have been received by the Cowley fathers there, begging him for help.

ARRIVES FROM OVERSEAS WITH HOSPITAL UNIT

Miss Muriel Noseworthy, daughter of Mr. and Mrs. James Noseworthy of Sparhawk street, has returned from overseas with the Massachusetts General Hospital Unit which sailed for France Sept. 4, 1918. Of that unit of 100 two of the nurses were killed overseas by accident and one died of influenza.

After arriving in France, the unit was sent to an evacuation hospital about 15 miles from the front lines and remained there until after the armistice was signed, then going to Toul in the advanced section.

On its return home the unit sailed from Brest on June 19, arriving in New York June 17. Miss Noseworthy arrived at her home in this city last week.

The experiences gone through with by the unit will never be forgotten, but all were glad of the opportunity to alleviate the sufferings of the sick and wounded soldiers. Miss Noseworthy said most of the patients she had were from the South or West and she met but few New England boys. She will remain at the home of her parents in this city several weeks for a much needed rest.

We are pleased to announce that we have obtained for this city the exclusive sale of the Nationally known and Nationally favored

Wirthmor and Welworth Waists
—After a very careful investigation we have arranged to distribute these two nationally-known and nationally favored lines of Waists in this city. Before deciding on this step we learned the Wirthmor and Welworth Waists were being handled by many of the best stores in America; that they had attained through their unvarying excellence a nation-wide popularity; that because of the unique Wirthmor Plan under which they are made and sold that they always represented the highest possible standard of value in popular price Blouses, and further because of this very unusual method of making and selling Waists we would be able to show the now and wanted styles first, in many instances long in advance of their appearance in the market generally.

These are America's only known priced Waists, and they are sold at the same low prices the nation over.

\$1.50 (for the Wirthmor)
\$2.50 (for the Welworth)

Why You Should Buy Coal Now

The price of coal is 75 per cent determined by wages. The wage agreement at the mines continues until April 1, 1920. The Fuel Administration reports that 35 per cent of the mines cannot make any money at the present mine prices. In view of this, how can coal be cheaper this year?

Providence, July 8.—Theodore O. Gladding of Bristol, Monday was granted a divorce in the Superior Court from Charlotte L. Gladding, formerly of Portsmouth, N. H. Mrs. Gladding filed suit for divorce from her husband and Mr. Gladding filed a cross-petition. Mrs. Gladding was not present to meet her case.

With the consent of Mr. Gladding the custody of the child was given to the mother, but upon a court order it is to be kept by Mrs. Hollis Massey of Portsmouth, N. H., mother of Mrs. Gladding, and is not to leave Portsmouth except in the custody of the guardian.

KITTERY POINT

Kittery Point, July 8.—The many friends of Miss Jean Boyd of New York are shocked and grieved at her tragic death by accident yesterday. The automobile in which she was riding with her sister, Mrs. Henry Tuck, collided with the York Harbor train at the Crockett Neck bridge and Miss Boyd was fatally injured, dying in a short time. Mrs. Tuck miraculously escaped with slight bruises. The automobile was completely wrecked. Miss Boyd whose beautiful studio has long been a landmark at the Point, had for many years been a beloved and respected summer resident here.

DOVER MAN TAKES LIFE BY SHOOTING

Dover, July 8.—Nelson G. Perkins, aged 52 years, committed suicide at the residence of Irving E. Livingston, 21 Atkinson street, Sunday afternoon at 4 o'clock, by shooting himself through the head with a rifle.

Perkins had been in ill health for some time, and it is said that he was losing his eyesight and feared that he would go blind. It is also said that some years ago he sustained a sunstroke and the hot weather of the past few days, together with worry over his condition may have caused him to become mentally unbalanced.

Mr. Perkins was a carpenter and he followed that vocation as long as his health would permit.

He is survived by a sister, Mrs. Kate Small of Newburyport, Mass.; one nephew, Nelson Kutter, now in American merchant marine service; and a niece, Mrs. Irving E. Livingston. He was at Jackson and had worked at his trade in Rochester and other places. He was a member of Humane lodge of Masons and Oddfellow lodge of Odd Fellows of Rochester.

THIN PEOPLE SHOULD TAKE PHOSPHATE

Nothing like plain Phosphate to put on flesh, build up vitality and nerve force.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing bones, neck and back, and expelling ugly bulges and angles by the soft curves of health and beauty, there are evidently thousands of men and women who sadly feel their excessive thinness. Thinness and weakness are often due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Phosphate salts there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as ultra-phosphate, which is inexpensive and is sold by most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body with the necessary phosphate food elements, ultra-phosphate should produce a welcome transformation in the appearance, the increase in weight frequently being astonishing.

Increased in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, should soon disappear, dull eyes ought to brighten and pale cheeks glow with the bloom of perfect health.

CAPTION:—Although ultra-phosphate is unsuited for relieving nervousness, sleeplessness and general weakness, it should not, owing to its tendency to increase weight, be used by anyone who does not desire to put on flesh.

CONGRESS IN FOR A BUSY SESSION

Washington, July 8.—After a fourth of July lull Washington began

to liven up again today with return of many congressmen for resumption of work today and the making of final preparations for President Wilson's arrival Tuesday night.

Congress is about to plunge into what is expected to be one of the most strenuous summer sessions ever known.

In the House wets and dries will clash in a sharp but probably short struggle over prohibition enforcement legislation. In the Senate the first half of the week will see skirmishing preliminary to the battle which begins Thursday with presentation of the peace treaty and league of nations covenant by President Wilson.

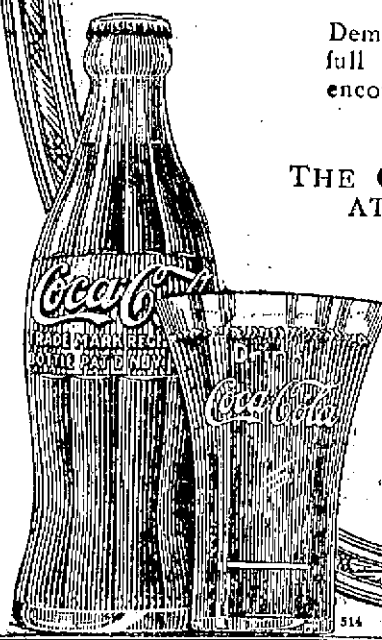

The greatest activity was displayed Monday by league advocates and opponents alike. Senator Robinson and Fletcher, Democrats, declared the attacks on the league misguided. Robinson said American sovereignty is not threatened in any way. Fletcher declared the covenant should be adopted unamended. Art. 10 in particular should not be eliminated, he said, as that would leave the covenant lifeless. Senator Borah called the proposed defense treaty with France the "premature obituary of the league."

The French treaty, Borah said, "is a treaty for war; it will prevent disarmament; it conflicts with President Wilson's denunciation of 'special alliances within the league.' It will lead to other special alliances by other nations."

"The real explanation of this treaty is that Clemenceau demanded the al-

liance for his support of the league, and we traded with him," Borah said.

CIRCUS ELEPHANTS EARN THEIR FEED AND KEEP.

John Robinson's circus is coming to Portsmouth Thursday, July 17th, and will take possession of the old show grounds early on the morning of exhibition day to prepare for the parade and two performances. The first section of the mile long circus train will reach the city about daylight and the work of unloading will be commenced at the peep of dawn.

Giant motor tractors will assist the hundreds of heavy draft horses to transport the baggage wagons and the animal cages to the grounds. One of these engines, nearly as large and strong as a British tank, is capable of towing a train of seven circus wagons with a combined weight of thirty-five or forty tons. Other labor and the saving devices, perfected through necessity brought about by the great scarcity of workmen this year, will be the towing center poles, which form the chief support for the big arena tent elephants pull them into place by means of block and tackle. The large stakes used by the show are driven by the John Robinson circus

Massive spindles wheels are used on which to roll the canvas tents. In former times it was customary to unlance the canvases in sections, roll it together and lift it into the baggage wagons. These wheels mounted on steel wagons, forty feet long are driven by a gas motor, and when a section of canvas is attached it is drawn from the ground and rolled in a surprisingly short space of time.

Instead of using man-power to hoist two electric glaze drivers. Many surprises for the grown-ups as well as the children are promised by John Robinson. Among the arena artists in the big show performance will be Marie Badini, billed as the world's greatest girl rider, Tetu Robinson, aerial marvel, Minnie Fisher, in remarkable feats in mid-air the famous Nelson Family of acrobats, the Ortans, the Lowanda's, Fred Ledgett, the Hodgins, Clara Masters and the Bedini family, bareback riders, three herds of performing elephants, fifty clowns, two troupes of educated seals and high stepping manège horses.

WOULD REPEAL PROHIBITION LAW

Washington, July 8.—Five members of the house judiciary committee, in a minority report on the prohibition enforcement bill made public Monday night, declared that congress should repeal the war-time prohibition act or at least lift the ban in so far as it relates to the manufacture and sale of light wines and beer.

While this report was being prepared Chairman Volstead of the judiciary committee announced that he had asked for a rule to make the general enforcement bill an order for immediate consideration with a view to calling it up today in the house. There was no assurance, however, that debate would begin at once, and the general view was that consideration would go over until Thursday.

Mr. Volstead said that so far as he was aware there was no intention of repealing the measure so as to put before the house a straight bill for enforcement of the war-time law. Members said last night one man's guess was as good as another's as to whether the prohibition question would be called up today.

The minority report was signed by Representative Igoe, Missouri; Steele, Pennsylvania; Gair, Ohio; Democrats, and Dyer, Missouri, and Glasson, Wisconsin, Republicans.

FINE SHOOTING AT MAPLEWOOD

The big trap shoot event of New England held at Maplewood last week, was one of the best held this year. This is remarkable fine shooting.

LOCAL JITNEY DRIVERS WANT PROTECTION

The local jitney drivers are wondering when the City Council are going to their relief. Since a special committee was appointed to take up the matter of issuing licenses to outside drivers, several have been issued, two they claim to Kittery, car-owners and one to a big jitney from Dover which is running to Hampton Beach. The local jitneys did a good business with the Hampton and Salisbury beach, but the new jitney bus is cutting prices and getting the business. They claim that

if they are forced to pay a license fee of \$16 per year they should have at least some protection from the outside drivers who come here.

Portsmouth, N. H., Tuesday, July 8, 1919.

A Danger to Guard Against.

A Philadelphia paper speaks very appreciatively of the American Legion, an organization composed of Americans who served in the world war, overseas and at home. There are many who did not go across the water, but they were in the service of their country from the time they were mustered in until they were honorably discharged, and are therefore veterans and eligible to all the rights, honors and privileges offered by the great organization to be known as the American Legion.

As the Philadelphia paper says, this organization is to perpetuate the principles established by the American service men in the war, who "are to be gathered into one patriotic brotherhood which should prove a commanding influence in stabilizing the conditions of human freedom which have been bought with their blood and valor."

The objects of the American Legion, as formally stated, are: "To uphold and defend the constitution of the United States, to safeguard and transmit to posterity the principles of justice, freedom and democracy for which the members of the military and naval forces contended in the war, to maintain law and order and to foster and perpetuate 100 per cent Americanism."

That is a platform to which every service man can cheerfully subscribe and one that will be endorsed by all loyal Americans. Those ends are worth working for, not only by the men who were in the service, but by every lover of his country, and if this program is carried out the organization will be productive of great good, and good only.

But, as this paper has before pointed out, there is one danger that must be rigidly guarded against if the American Legion is to fulfill the mission for which it is being created, and that is the danger of drifting into politics. There should be, and will be, no restriction of the political rights and privileges of the members, but if there is any attempt to make the organization, as such, a distinctive political force the confidence and respect of the public will be lessened perceptibly and its work will fail to be as effective as it will be if the original program is adhered to.

It is inevitable that many service men will be called upon to further serve their country in positions of public trust and responsibility. There are many among them who are eminently capable of such service and it will be a pleasure to the electorate to bestow honors worthily earned, but the call to these positions should come from an appreciative people voluntarily and not as the demand of an organization.

And the members of the Legion should in all cases retain their individual convictions and entire freedom of political action. It would be a sorry day for the organization and the country if the time should come when the American Legion was regarded as a body seeking an undue share in the control of public affairs or political preferment for its members.

It is to be hoped that such a time will never come, but already there have been indications more or less pronounced that thoughts of such a development are in the minds of some. It is the one great danger to be guarded against by a body of men who stand high in the estimation of the country and who should never forfeit, through political ambition, one jot of the high respect in which they are now held.

There is no use in growling about the size of the tax bills. It is not much of a "seer" who couldn't or didn't see them coming. If there is any comfort in the thought that there are lots of other people "in the same boat" the tax payers of Portsmouth have a right to take it. They are not alone in this phase of making the world safe for democracy.

Old Orchard Beach had a narrow escape the other day from a disastrous start in the season's business, but, happily, the flames were subdued in time to prevent a general wipe-out. And incidentally the resort reaped some extra business as a result of the near-catastrophe.

The publishers of weekly papers in New Hampshire are aware that Portsmouth is a pretty good place in which to get together. And so is every other association that ever assembled here to partake of the city's unbounded hospitality.

Governor Pleasant of Louisiana has asked the governors of all the southern states to oppose ratification of the suffrage amendment. It will be strange if the Suffs do not feel that the chief executive of Louisiana was misnamed.

Secretary of State Lansing makes it known that the various treaties that have been entered into at Paris will make necessary some sixty new American commissions. The men who get these plums will not be "agin the League."

A bill was lately introduced in the Alabama Legislature giving women the right to wear trousers when they have the right to vote. Why not make it compulsory?

The click of the mowing machine is heard in the land.

FIVE FINED AT DOVER, N. H., AFTER FINDING OF CIDER

DOVER, N. H., July 8.—Five Rollinsford men paid more than \$100 in fines and costs in the Municipal Court Monday as the result of their interest in a barrel of cider which Charles Pelletier, one of the respondents, had hoisted up at his farm in that town Sunday and which was being drawn on to quench the thirst of the other four, when Sheriff Fred E. Goodwin and Policeman Young descended on the elder party.

Pelletier pleaded guilty to keeping cider for sale and was fined \$25 and costs of \$25.42. A 30-day jail sentence was suspended.

Ray Meserve, Aaron Brock, Patrick Birmingham and Daniel Apton were fined \$5 and costs of \$16.85 each on drunkenness charges. Birmingham was also fined \$14.20 for beating a horse at the Pelletier place.

NAVY YARD NOTES

Capt. Williams a Visitor

Capt. Y. S. Williams, District Supervisor for Overseas transportation service at the army base, South Boston, was a visitor at the local yard today as a guest of Captain H. L. Wyman of the Industrial Department.

Will Arrive Tonight

The hospital ship Solace on the way from New York is expected to arrive at the local yard at 8 o'clock tonight.

Want More Time for Work

Regardless of the original order to hold the U. S. S. Baltimore here but 5 days, the ship is likely to make a long stay if the request for all the repairs to be made is granted by the department. The five days working period was previously extended to a month, now a request has been forwarded in which the ship officers want 90 days to carry on the overhauling.

Go Right in Dry Dock

The cruiser Huntington will go in the dry dock immediately on her arrival on Wednesday.

Is Confined to His Home.

Marine Gunner Walter O. Jackson is confined to his home with tonsillitis since July 4th.

Another Ensign Out

J. H. O'Neill of Danvers, Mass., on transfer in the Naval Reserve pay corps, was placed on the inactive list today. He has been on duty at the local yard since July 1918.

Waiting For the Marines

Among the athletic sports to be taken up by the Marine Guard at the local yard is the tug of war. Several pulls are now in order to determine the best team for the rope. It is said that Uncle Sam's men will be coached by one of the old Portsmouth team and that he intends to produce some star performers on the cleats. It is hoped that he keeps his team working and brings it across the river at a later date to meet some of the local strong men.

Three Called Today

One laborer for the Supply Department and two general helpers for the smelting plant were required today.

FIREMAN KILLED WHEN STRUCK BY OVERHEAD BRIDGE

EXETER, July 8.—C. A. Hendrickson of Gloucester, Mass., 25 years of age, fireman on train 2403 East bound, was struck by an overhead bridge Monday morning a few miles east of Newton Junction and instantly killed. The man was knocked back into the tender and brought to Exeter where a physician viewed the body, pronouncing the victim dead. The body was turned over to Undertaker F. L. Junkins, and Monday afternoon medical examiner Dr. George E. Pender of Portsmouth viewed the remains and ordered burial.

FOYE'S

NINE SWEEPER 'NETS' AVIATOR AND PLANE.

New York, July 8.—The navy's mine sweeper Falcon "sweep" up" an airplane with its pilot and observer Monday afternoon, after they had been forced into the ocean by engine trouble about five miles southeast of the Ambrose Channel Lightship, hoisting first the pilot, then the observer, then

the plane on deck, and starting with them for port.

The Falcon was towing a naval target when her officers saw the plane, which had headed to sea from the New Jersey shore, alight on the water. They immediately speeded the Falcon to the rescue.

NOTED ATHLETE APPEARS AT THE Y. M. C. A.

Tommy Ryan, the oldest living athlete, who holds the record as ex-middle weight champion of the world, appeared at the Y. M. C. A. last evening before a good sized and enthusiastic audience of men.

He opened his program with a short talk. He hardly referred to the Wallace-Hempsey fight, although witnessing it on July 4 and coming here from Toledo. Although 70 years of age his next birthday he has wonderful health and strength, due in a great measure to clean living. He is temperate in his habits and never tasted a glass of liquor or used tobacco in his life and his talk on clean living and what it will do for a man was listened to with evident interest by his audience.

To illustrate what steady nerve can do for a man he placed a potato in the palm of his daughter's hand and cut it in two with a sword while in her hand, a feat which he said would be impossible if he had tasted one glass of liquor.

While lying on the floor he lifted a 150-pound dumb bell, raising it above his head with one hand. He also showed other feats of dexterity and skill with dumb bells and gave an exhibition of bag punching and showed the different movements and attitudes in boxing.

He is making a return engagement in this district and gives the finest exhibition of the kind ever seen here. Tonight he will appear at the naval hospital and Wednesday night at the Marine barracks.

DO NOT VOTE AS THEY DRINK.
In commenting on the auction of some \$10,000 worth of liquor left by the late Nat Goodwin, the Boston Globe remarks: "Who would ever have thought Nat would leave so much? Probably he was planning to stay longer—Keene (N. H.) Sentinel."
Who will drink it now?—Boston Globe.

Not the Cheshire County people judging from the vote of the Keene delegation for 3 per cent beer in the last New Hampshire legislature, but who can tell when people do not vote as they drink.

Representatives of the Portsmouth Electric Railway and several of the local jitney owners are to appear before the city council at the next meeting in a protest against the several jitneys which have come here from other places and run in opposition to the street car line and local public auto owners.

The electric street railway and Portsmouth jitney men claim that machines from Dover and places in Maine

put the rates to the beach resorts to such an extent that local machines are idle on the streets and electric cars are being many passengers on Sundays and holidays. The city council will be asked to protect local public autos and the electric line against the invasion of auto owners from outside Portsmouth. The Electric Railway is said to find no objection to the operation of Portsmouth jitneys, but strongly opposes out of town auto owners coming here for business.

NAVY YARD AND SOUTHERY PLAY ANOTHER TIE GAME

Go Six Innings in Sunset League Game to a Score of 2 to 2—Pitchers Battle and Little Hitting

Sunset League Standing.

Team	W	L	P.C.
Navy Yard	4	1	.800
Southery	4	1	.800
K. of G.	4	2	.666
Artistic	3	3	.500
C. M. C. A.	2	3	.400
P. A. G.	0	6	.000

The Navy Yard and the Southery had a battle royal on Monday evening in the Sunset league and for the second time this season played extra innings to a tie. The game was one of great interest as the civilian team of the yard is leading the league with the Southery team second. There was a great crowd out and the pitchers for both teams were in a force.

It was a pitchers' battle between Scutcheon hurling for the Navy Yard and Kelley for the Southery with the latter allowing but one hit, but he passed four and hit two more, while Scutcheon, who was found for four hits, was steady and gave only one run. Kelley got much the better support, his team playing a good game

back of him while the navy yard were loose in spots making six errors. Both pitchers contributed two errors each.

Neither side scored in the opening innings; Gannon for the Navy Yard was out, Kelley for Kennedy; Irvine singled the only hit of his team and Hayes struck out and Davis was out Kelley to Kennedy.

The Southery got two men on but failed to score after Azbell fanned; Porter singled and he was forced at second on Kennedy's ground hit to C. Broderick; Homer was safe on Broderick's error but Kennedy was run down between second and third.

The Navy Yard scored in the second; S. Broderick was safe on Dooling's error; C. Broderick sacrificed him to second; Dooling struck out; Mastan rolled out to Kelley who made an overthrow to first and S. Broderick scored; Scutcheon was thrown out by Kelley. One run.

The Southery failed to score; Poncellet flied to Mastan; Steer to Davis and Dooling was thrown out by C. Broderick.

In the third the navy yard got one man on, but that was all, after Gannon had been retired by Steer and Irvine thrown out by Porter, Hayes was hit and stole second but Davis struck out.

The Southery scored; Nichol was thrown out by Gannon and Kelley singled and advanced when Azbell was thrown out by Gannon, and scored on Porter's single; Kennedy flied to C. Broderick. One run.

In the fourth the navy yard got two men on; S. Broderick flied to Homer; C. Broderick walked, but was out stealing second; Dooling walked and stole second, but Mastan was fanned. The Southery took the lead in their half; Homer hit for three bases and scored when Gannon rumbled Poncellet's bunt down the third base line; Steer struck out and Poncellet was thrown out stealing second and Dooling flied to Davis. One run.

The Navy Yard tied the score in the fifth; Scutcheon was safe on Kelley's error; Gannon raised a foul fly for Porter; Irvine hit to Steer who fumbled; he stole second, Scutcheon going to third; Hayes struck out; Davis walked filling the bases and S. Broderick was hit, forcing in Scutcheon; C. Broderick was thrown out by Azbell. One run.

Nichol struck out; Kelley walked; Azbell hit to Scutcheon who fumbled and Porter rolled one to Hayes with a man on second and third; Kennedy struck out.

In the sixth inning Dooling walked Mastan fanned, Scutcheon hit to Kelley who forced Dooling at second and Homer doubled Scutcheon at first. The Southery looked as though they would score; Homer was safe on Kelley's fumble and stole second; Poncellet was out on a foul fly to Dooling; Steer hit to Mastan who dropped the fly and Homer went to third; Steer stole second and it looked good for a run, but Scutcheon struck out Dooling and Nichol. The game was called on account of darkness.

LEMON JUICE FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day, and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless and never irritates.

JOINED AVIATION CORPS

Vincent Taccetta, eldest son of Mr. and Mrs. Croce Taccetta of School street, has joined the aviation corps. He has been employed for some time with Wentworth and Stewart of Hanover street and he enlisted with the ground flying circus when they were here last week recruiting for the air service. He left Saturday for Portland with the recruiting outfit and will go from there to Mineola.

LOST A WHEEL ON A BAD HILL

Lawrence Reagan driving a touring car had a narrow escape on Sunday night at Studebaker corner, Little Bear's Head. He was going down the hill when a front wheel on the car came off. Fortunately the car swung into the side wall of the Studebaker garage instead of out, which would have dropped him down over the railing wall. The car was damaged by the collision with the wall but the driver or occupants were not injured.

THOUSANDS TAKING THEIR OWN LUNCH TO THE SEASHORE

People Getting Wise to the Holdup Prices of Food at Summer Resorts.

The high prices of everything at the beach resorts, especially food during the summer of 1918 appears to have satisfied the people that it was a hold up and they are not falling for this game the present season.

On every beach on the coast thousands of people who never did it before, can be seen enjoying their lunch on the sands. This noon air dining on the seashore is not alone confined to the poorer class of people, but auto owners and people of means are dodging the high prices of food and providing their own meals when going to the seashore for the day. During the war the people stood for the enormous prices for everything at the beaches, but no relief has come with the ending of the war and none will come if food dispensers can prevent it.

TAKES GOOD MAN TO FACE BRACE OF GUNS WITHOUT FLINCHING

William S. Hart Shows How It's Done in His New Photoplay "The Money Corral"

It takes a pretty good man to stand up before a brace of six-shooters and not flinch. In "The Money Corral," a new Artcraft picture starring the illustrious William S. Hart, which will be seen at the Coliseum Theatre Wednesday and Thursday, this is proved when the star encounters some underworld crooks in Chicago and beats them at their own game. He also saves a trust company by preventing the theft of important proxies. The opening scenes are of a great rodeo in the frontier town of Fraley Point, Montana. There takes place the wild riding and shooting, all the sports of the cow country.

A charming love story runs through the picture which was written by Mr. Hart and Lambert Hillyer, who also directed the production.

Jane Novak is leading woman. Herschel Mayall is the heavy; Winter Hall, Rhea Mitchell and Patricia Palmer are among the other players who will be seen in the picture.

It is said that for sheer thrill and the qualities of human interest, the triumph of right over evil, the perfection of scenic investiture, this picture is one of the most notable ever offered starring William S. Hart.

POLICE TO STOP ROWDYISM ON THE PLAYGROUND

Will Check Destruction of Property; Loiterers Warned to Watch Out at Night.

At a meeting of the Board of Police Commissioners on Monday night, Police Officer was appointed a special police officer at the playground.

The commission took up the complaints relative to much mischievous mischief and nightly disturbances on the public playground where much property has been damaged by hoodlums. The police were ordered to keep a close watch of the grounds at night and any people found loitering there late at night will be placed under arrest unless they can give a good reason for their presence.

The police board mean to stop the rowdyism which has prevailed there at night and especially the destruction of property.

CONCORD BOY SCOUTS HAVE WEEK'S OUTING AT NEW CASTLE

Troop No. 6, Boy Scouts of Concord, arrived at New Castle late Monday afternoon on its annual 50-mile hike. They will enjoy the week in camp by the ocean, permission having been granted the troop to camp on the government reservation at Fort Constitution, where the boys may have ample opportunities for swimming, fishing and scout activities.

While there they plan to take several hikes and trips to places nearby. One day will be passed at the lakes of Shosh, another at the navy yard and a day passed sightseeing in this city, viewing some of the historic houses and landmarks of our old town. Each scout carries a pack similar to the army pack, containing his blanket and personal equipment as well as his half of a shelter tent. The scouts wear their summer uniform and are in charge of several adult leaders and a physical instructor.
